

SCRATCH FOAM PRINTING

Products

- Scratch Foam Board
- Wooden stylus
- Rubber Roller
- Sakura Brayer/Roller
- Colourcraft Fabric Paint

How To

1. Scratch a design onto the foam board using a wooden stylus
2. Load a brayer with fabric paint by simply rolling it through the colour.
3. Roll the colour onto the foam board
4. Turn the board over and place face down onto the fabric.
5. Using the rubber roller, roll over it applying heavy pressure.
6. Pick up carefully from fabric to reveal your print.
7. Once dry, iron to set colour.
