

BLOCK PRINTING ONTO FABRIC

products

Scratch Foam Board
Wooden Stylus
Rubber roller
Sakura brayer/roller
Permaset Aqua fabric colour

how to

Scratch a design onto the foam board using a wooden stylus .
Load a brayer with fabric colour by simply rolling it through the colour.
Roll the colour onto the foam board .
Turn the board over and place face down onto the fabric.
Using the rubber roller, roll over it applying heavy pressure.
Pick up carefully from fabric to reveal your print.
Once dry iron to set colour.
