

CEDAR CANYON RUBBING PLATES

Cedar Canyon Rubbing plates are a plastic textured plate which can be used to decorate fabric or paper.

The plates are available in seven different sets, triangles, leaves, op art, garden flowers, floral fantasy, curves and holiday, with six plates in each set.

Spray plate with Nuart Spray adhesive and place fabric over plate. The spray holds the fabric on the plate.

Remove the skin from the side of the shiva oilpaintstik and using the stick on its side colour over the fabric until the pattern is revealed.

Any fabric is suitable to use. Let dry for 24 hours and iron to fix.
