

# Colouring Fabric with Derwent Inktense Pencils

Derwent Inktense Pencils, Cretacolor Aquastic Water soluble crayons, Crayola Portfolio Oil Pastels and Sakura Gelly Roll pens were used, in conjunction with Daler Rowney Textile medium, to colour this quilt.

Brush on the medium, covering small areas at a time, and then colour over the medium with the pencils, crayons, pastels or pens. To add glitz to your project brush on Jo Sonja Opal Dust.

To create a shimmering effect mix 1 part Maimeri Polycolour Reflect -White with 1 part textile medium, brush onto fabric and then colour over with Derwent Inktense Pencils.

When dry, cover with a cloth and iron to fix.

Artwork exclusively designed Kim Bradley.
