

PLAYCOLOR TEXTIL FOR FABRIC

Solid Poster Paint in a stick form that glides onto fabric easily. The bright, vibrant colours of Playcolor Textil sticks are quick drying, won't crack when dry and permanent when heat set.

Place a piece of cardboard behind or between the area of fabric to be decorated.

Twist the stick to reveal the colour and draw with the stick directly onto the fabric.

For easy blending of colours apply using a stencil brush.

These may be used with Crafters Workshop Templates to create stunning designs.

Once dry, place a sheet of paper over the design and iron for about 3-4 minutes.

It can now be washed at 60°C .
